

HAWORTH

Small & Midsize Business Workspaces

Work Fluidly

The way we work is changing—catapulted by a pandemic that put us into a global experiment involving working from home. Work is happening in more than one location—from an integrated ecosystem with three physical locations: office, home, and third places. Based on our research, Haworth understands what activities can and should happen in each of these locations, with the office as the hub for connection and collaboration. Its purpose has shifted from where we had to work to a place that's more dynamic and experiential than ever.

We design and manufacture a mix of products that offer endless options for transforming space as organizational needs evolve. Through our brands and brand partners, our portfolio fills an entire floorplate.

Our sustainability strategy is focused on three key areas that form a road map for continuous improvement: People & Community, Circular Economy, and Operational Performance & Carbon Accounting. We're eager to continue this journey by promoting sustainability and delivering value to the people, communities, and planet that we serve.

Our modular, walkable green roof covers 45,000 sq. ft. in total. It's made up of 11 varieties of sedum set in 22,500 trays made from recycled chair production material.

The Way We Work Has Changed

As the workplace shifts to accommodate a flexible, hybrid model, the physical “office” still has a role—one that can’t be replicated virtually. People find value coming into the workplace to collaborate, create, and innovate. To connect socially and be inspired. To leverage the teams, networks, and processes that help them perform their best.

Well-designed spaces that give people choice in where to work, attract and retain talent. Spaces that elevate brand and support team well-being preserve organizational culture. The workplace has shifted from where we had to work, to one that is more dynamic and experiential—optimizing space for activities that foster collaboration and creativity to drive innovation.

Employee expectations have changed. No matter what you envision for your space, we’ve got you covered. We understand the unique needs of small to midsize businesses. Visit store.haworth.com to learn more.

Capturing the Pioneer Spirit For Finance and Investment Firm

Inspired by the name Mavrik (clever take on the spelling of “maverick”), design firm for. created layers of public and private spaces using organic textures and raw materials, and a mix of furniture that’s both purposeful and timeless. The result: a mid-century meets modern ranch aesthetic in about 2,500 square feet.

Rich materials and fine craftsmanship (from lounge seating to custom woodworking and built-ins) convey an elevated brand upon arrival. Archibald lounge chairs wrapped in Pelle Frau® Color System leather provide guests with refined comfort.

LC1 side chairs and an LC3 sofa furnish this social space that's adjacent to offices and meeting rooms, providing opportunities for informal conversations, meeting debriefs, or restorative activities.

An open concept workspace fosters collaboration and creativity. Planes Height-Adjustable Tables offer choice to change postures throughout the day.

Gran Torino HB lounge chairs offer comfort, individual privacy, or a place to collaborate.

Designing an Office Space that Embodies Happiness

Happy Money is on a mission to help borrowers become savers through an ecosystem of financial products. To solve for its rapid growth and workplace challenges, Rapt Studio was engaged to bring Happy Money's brand to life at the multi-level Orange County office. The result: bold, intentional team spaces evoking this financial services company's fun, collaborative, and easy-going culture.

Glass garage doors open to reveal this informal lounge area with Basket 011 seating where serendipitous connections can occur.

Huddle zones feature reconfigurable, flexible furniture (including Cabana Lounge, Openest Chick, Openest Sprig) and floor-to-ceiling cork boards and whiteboards to hash out ideas.

Individual height-adjustable workspaces (featuring Active Components, Fern Task chairs, Hop Height-Adjustable Tables) are grouped by teams. Enclosed “squad rooms” can be booked for more structured collaboration. Each team has its own huddle zone and squad room (with Immerse Single conference tables and Maari High Back stools).

The heart of the office is flanked by a café (encompassing Planes Disc Base Tables) and serves as a social hub, drawing employees together to chat, have weekly Happy [Money] Hours, and events like TED Talks.
